Description

Atonement? Most Christians recognize the word as a “religious” word, but do you know what it means? What does it have to do with your salvation? The Old Testament is full of types (pictures or examples) which help explain the importance of this great doctrine. It found its fulfillment in New Testament times.

This classic book on atonement was written by Frederick W. Grant over 100 years ago, and now this new edition is published by Believers Bookshelf USA for your edification and enjoyment.

Mr. F.W. Grant was born in London, England, in 1834, moved to Canada at age 21 and was ordained to the ministry of the Church of England. Upon further study of the Word and reading books of the type still published by Believers Bookshelf, he left his parish to gather to the LORD'S name alone. Later he moved to the USA. His most famous writing was the Numerical Bible, bound in seven large volumes and still in print. He passed into the presence of the LORD he served in 1902 on his 68th birthday.

From the table of contents:
