Description

If you find yourself trying to hear what God is saying in everyday activities such as watching a wrestling match, repairing a bicycle, shopping in the mall, raising mice, reading bumper stickers or being caught near the epicenter of an earthquake, then these short essays should prove interesting.

If you are looking for a devotional that's easy to read, current, scriptural, sometimes humorous, sometimes serious, sometimes challenging, yet always engaging, then these meditations will meet your need.

86 pages - Softcover - Author: L. Ondrejack
