## Description

This booklet was written especially for young people. Some older persons consider the booklet to be 'childish'-indeed, that can happen to booklets that are written for youngsters. A biology teacher thought the booklet to be 'unscientific', which is something I gladly admit

I have been disturbed by the rather naïve reactions many had to this booklet, they cried triumphantly: 'Oh, but I don't have a problem at all, I believe in creation AND evolution!' That is why I have elaborated a little more on this point too."

We hope with the author that this booklet may be of help to many Christians, especially Christian students. May the Lord bless it to this end.
