Description

In this book, the author presents a lovely, Christ-centered exposition of Paul's Epistle to the Ephesians. It is often said that "the Epistle to the Ephesians begins in the heavenlies and ends in the home and workplace."

W. W. Fereday ably unfolds this theme as he comments on this wonderful epistle. We begin our Christian life as already seated in the heavenlies through God's sovereign grace, and we are exhorted to live that out practically in our day to day lives.

May this little volume be an encouragement to all who read it!
