Description

The Bible is the Word of God. Holy men of God wrote it under the power of the Holy Spirit. Thus in reality the Holy Spirit is the Author of the entire Bible. This means that the Word is perfect and gives us all we need to know. If we read carefully and compare Scripture with Scripture we will also find, that everything therein is sufficiently plain."

Today, much is being said about being filled with the Holy Spirit and many things are being linked with this subject.

To judge whether what is being said is right we have an infallible guide, the Word of God.
