Description

“Thankfulness is the primary word in our book of testimony as to how the Lord led us as a family to Hickory Cove Bible Camp, beginning in 1965. Step by step and project by project, each one of us, as the Lord led and guided us, had a part in the development of the camp ministry. A prayerful foundation was laid for us, and the joy of the ministry was to see the Lord's timely provision for each area of His service for the gospel outreach in Alexander County, North Carolina.

We currently reside at the Carmel Hills Retirement Community. We travel and minister as the Lord gives strength among various assemblies, including several trips to minister in Alaska. This is our first book.”
