Description

It is no secret that marriage is under attack more than it has ever been before! This is evidenced by the increased number of separations and divorces. Some of the issues in marital relationships today, include but are not limited to — selfishness, no spiritual foundation, and the lack of the following: love, commitment, communication, intimacy, conflict-resolution, faithfulness to the Lord and to each other, etc.

The Song of Solomon is the greatest love song ever sung because it points to the greatest lover, the Lord Jesus Christ Himself, wooing a bride unto Himself. His love never falters, never fades like a flower, and never fails. “Many waters cannot quench love, Nor can the floods drown it...” 5:7. “...His name is as ointment poured forth” 1:3. Therefore, in a relationship, His ointment can heal our wounds and soothe our sorrow.

While this is a beautiful application, Song of Solomon is actually the interaction between husband and wife from courting to the wedding day! It also demonstrates to us how to handle conflict in the marriage and what happens when the marriage is mature and growing.

We trust this book gives much help to strengthen marriages today!
