Description

Brother FSW (who desires the Lord's blessed name to be prominent, not his) wrote To the Chief Musician (Volume 1) several years ago, which Believers Bookshelf USA published. FSW's thought was to have 52 gleanings as to our Lord that could be read weekly—perhaps shortly before breaking bread with fellow-Christians—for a whole year to help our minds be increasingly filled with the Lord Jesus.

FSW was exercised to write Volume 2 of To the Chief Musician to give fellow Christians more weekly thoughts concerning our blessed Lord. This Volume 2 is the result of this exercise. We of the Believers Bookshelf Editorial Staff pray that this book will help open many minds more to the wonders of our Lord's Person and work. Please read the many references to always have God's Word for all we believe. We pray you will take advantage of both these books!
