Description

"What is wrong with the world? It is morally and spiritually sick and no one seems to have the courage to administer the cure. Therefore the challenge to all people must be to get ready to stand on their own feet in simple, rugged and honest living, if our civilization is to survive. The danger from without is small: the danger from within is becoming huge. It will take a great deal of courage to disentangle our lives from the modern meshes which are gradually pulling us under and to stand again foursquare for lofty thinking, virtuous living and honest dealings. But such is the price if man's divinest mission is ever to be fulfilled." – Charles R. Brown, once head of the Department of History at Roanoke College. These are eloquent words and in many respects they speak truth while in others they manifest a sad lack of a real understanding of the issues that confront the world today. The world IS "morally and spiritually sick." The symptoms of violence, drug addiction, greed, lawlessness, lack of morality, abortion – all prove we are in the last days of grace – days like those of Noah when violence and corruption filled the earth and brought forth the judgment of God. SIN is the root cause of all these dreadful symptoms that plague the world today, and there is only ONE REMEDY for that root cause. It is found in the once crucified, now risen and glorified Jesus Christ, the Son of God. SOLD IN SETS OF 100
